

Opportunities to Enhance & Update Safe, Clean Water Program

Safe, Clean Water
and Natural Flood Protection

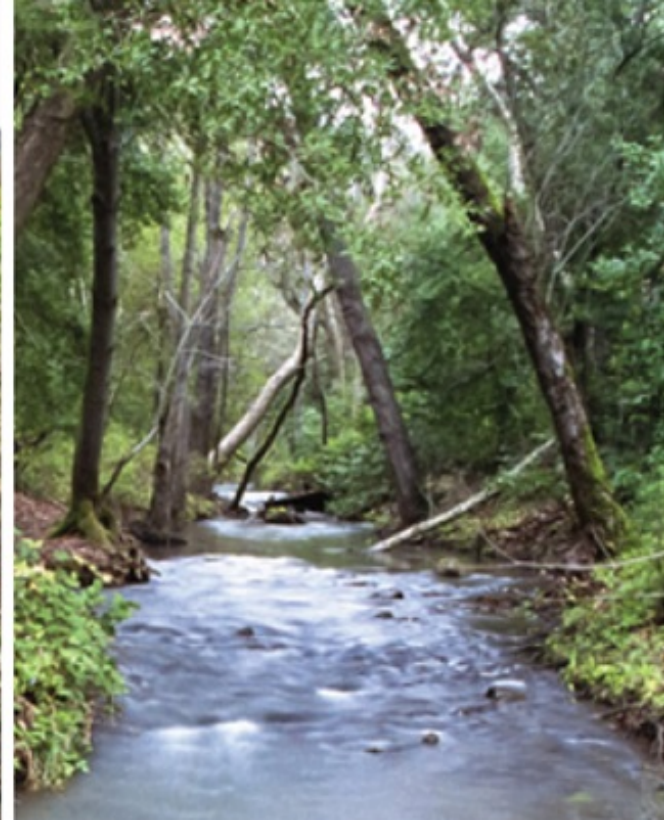

Valley Water provides

Clean water

Flood protection

Healthy environment

What?

- Dec. 10 Board Meeting
- Direction to **explore and evaluate** a potential future funding measure...
- Renew existing program with a potential renewal measure to **update** and **enhance** program to meet future needs

Why Now?

EXTERNAL CONDITIONS

- Extreme Weather
- Climate Change
- Population Growth
- Uncertain imported water supplies
- Delays in Regulatory Permitting/ Restrictions

INTERNAL CONDITIONS

- Aging Infrastructure upgrades
- Ongoing Operations & Maintenance Costs
- Mitigation Costs
- Funding shortfalls for large capital projects – enhanced

How?

Stakeholder Engagement

- Internal Brainstorm Workshops
- Board Advisory Committees
- Commissions/ Committees
- Blue-Ribbon Roundtable

Community Engagement

- Public participation to gather input
- Community Input Survey
- Speakers Bureau presentations

Program Development

- Priority A: Ensure a safe, reliable water supply
- Priority B: Reduce toxins, hazards and contaminants in our waterways
- Priority C: Protect our water supply from earthquakes and natural disasters
- Priority D: Restore wildlife habitat and provide open space
- Priority E: Provide flood protection to homes businesses, schools, and highways
- **Priority F: Support public health and public safety for our community**

Priority A:

Ensure a Safe,
Reliable
Water Supply for
the Future

**Building sustainable,
locally controlled
water supply
projects that are
resilient to droughts**

Priority B:
Reduce Toxins,
Hazards and
Contaminants in
our Waterways

Using multiple strategies to reduce and remove contaminants in our local creeks, streams and bay

Priority C:
Protect our Water
Supply from
Earthquakes and
Natural Disasters

**Protecting critical
water supply
infrastructure from
the impacts of
natural disasters,
like earthquakes.**

Priority D:
Restore Wildlife
Habitat and Provide
Open Space

**Protecting our
natural areas by
working to
restore habitats
along creeks and
the Bay**

Priority E:

Provide Flood
Protection to
Homes,
Businesses,
Schools and
Highways

**Funding projects
that protect our
homes, schools
and businesses
from the threat
of floods**

Priority F:
Support Public
Health and Public
Safety for our
Community
